## SUMMARY

Biomedical Informatics Engineer with strong analytical, reporting and presentation skills, and have high sense of responsibility to implement what is required. Looking for an opportunity to employ and develop my simple knowledge gained from educational background in bioinformatics field and strive to make a qualitative leap of this field in Jordan

## EXPERIENCE

2/2020 - 6/2020

### University Training

At EHS-Hakeem-CT Department

• Training is represented in learning about/identifying the cycle which patient passes through it, starting from registration to leaving from health facility either RMS or MOH, and documentation it in Hakeem system. -And based on this training period which was held within the CT department, we were given recommendation letter by the CT Manager ;Mr.Waleed Abu-Aysheh

5/2021 - 5/2022

### Trainee

At Aqaba field hospital

Training Program of the Ministry of Public Works and Housing , in Aqaba Field Hospital as a biomedical Engineer

## QUALIFICATIONS

9/2015 - 9/2020

### Bachelor of Biomedical engineering- Bioinformatics

From Yarmouk University, Hijjawi College

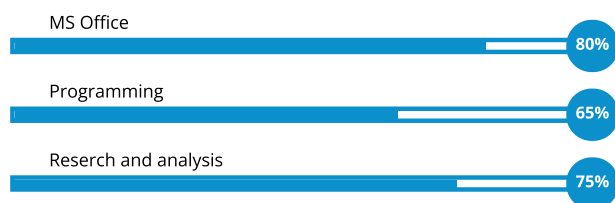

6/2021 - 6/2022

### Professional Diploma in Hospital Management and Medical Records

From Aqaba University of Technology

## SKILLS

### Technical Skills

### Management Skills

- ☒ Planning
- ☒ Communication
- ☒ Motivating

## PROJECTS

9/2019 - 3/2020

### Bioinformatics Tool Using Biopython(Secondary graduation project)

• The project has been constructed to create a simple, good and easy bioinformatics software tool by python, and we use biopython libraries to create tool operation. • The project is a tool that we do with a set of processes on DNA sequences • The tool receives sequences in the form of nuclides or proteins

## CERTIFICATIONS

8/2021

### Python And Machine Learning

From The Hope International Company

6/2021

### مشرف سلامة وصحة مهنية

From أكاديمية نبض الأردن للسلامة و الصحة المهنية

4/2021

### Fundamentals of Accelerated Computing with CUDA C /C++

From NVIDIA Deep Learning Institute

4/2021

### دبلوم طلال أبو غزالة الدولي في مهارات تقنية المعلومات (TAG-DIT)

From Talal Abu-Ghazaleh E-Training

2/2021

### Diploma in Health Care

From **Jordan Pulse Academy**

6/2020

### Fundamentals Of Deep Learning For Computer Vision

From **NAVIDIA Deep Learning Institute**

9/2018

### Matlab course

From **Bright Planets Academy**

1/2017

### TOT(Training Of Trainers )

From **We Are Jordan Youth Commission**

12/2016

### HR(Human Resourses)

From **We Are Jordan Youth Commission**
